

Place value: the value of a digit that appears in a number

e.g. 3.68

- "3" is in the ones place; it means 3.
- "6" is in the tenths place; it means 0.6.
- "8" is in the hundredths place; it means 0.08.

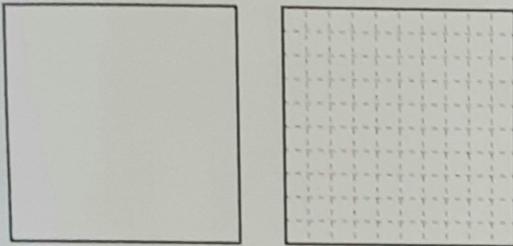

ones	tenths	hundredths
3	6	8

Draw and colour the diagrams to match each decimal given. Then write the decimal in words.

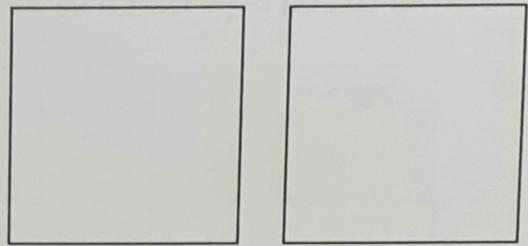

②

1.37

③

1.84

Write the meaning of each highlighted digit.

④ 4.**28** _____
