

<p>Deck of Cards to play “Multiplication Snap”. Play with yourself or with a family member by each of you revealing a card to multiply.You can print your own cards too.</p>	<p>Look at these fractions written as decimals hundredths. $\frac{34}{100} = 0.34$, $\frac{7}{100} = 0.07$ or $\frac{16}{100} = 0.16$</p> <p>Look at these fractions written as decimal tenths. $\frac{7}{10} = 0.7$, $\frac{2}{10} = 0.2$, $\frac{9}{10} = 0.9$</p>	<p>Humanities</p> <p>Some Simple Machines to learn about are: Plane,Lever,Screw,Wheel and Axle,and the Pulley .Do you see any of these in everyday life? Check out this video 7:01 min.</p> <p>Simple Machines for Kids/learn all about the 6 simple machines.</p>
<p>Procedural Writing: To provide instructions on how to make or do something.Try to do the following. Goal: What is going to be made or done? Materials: What is needed? Steps: How will it be made or done? See Teacher Pages</p>	<p>Phys.Ed.</p> <p>See teacher pages on Move Your Body! Spring Spell – and – Move Each letter in the table matches an exercise</p>	<p>Social Studies : Communities No screen time for this just a discussion with an adult. We have been hearing many good things about the Communities that we live in especially during this special time in our learning. What do you think Community means? For Example we have our family community,our school community,our community workers,community gardens, even a bee community and life within a pond community. What did you find out?</p>
<p>French Language Opportunities flora.nbed.nb.ca A great way to continue to practice French. Another good way is to listen to francophone shows or radio.Parents a great resource is Canadian Parents for French – lots of ideas and accessible in both languages.</p>	<p>Exploration Activity</p> <p>1)Write or make a letter/card/picture to drop off on the doorstep of a neighbor or family member.</p> <p>2) Create a collage using items found outside.Use liquid glue to paste these items on heavy paper or cardboard. 3) Leaf Rubbing: Find a leaf and place white paper over it. Using wax paper rub crayons along the surface of the paper.</p>	<p>Create! See Teacher Page You can also check out: 13 Moons on turtles back a Native American calendar YouTube (3:26 min.) and Thirteen moons:Reading this American Indian story- YouTube (18:26 min.)</p>

Reading:30 min. daily DreamBox :20min./3times weekly Journal Writing: 2/3 times weekly
